YOUR SUPPORT MAKES A DIFFERENCE

SOCIAL CHANGE IN ACTION

Your safari guide and on-site travel director, Thomas James Wanyoike, has worked in East African tourism since the late 80's, and guided Moja Tu's Philanthropy Safari in 2014. Jame's knowledge of Kenya is invaluable to us, and he knows first-hand what philanthropy can do. Aided by teachers and social programs as a child, he now gives back as a director of Bush ArtAfrica Safaris Ltd, and co-founder of Afrika Awake Foundation.

At Moja Tu, which means "Just One" in Swahili, our mission is to provide children with access to education and support them through a one-on-one relationship with their sponsor. We feel the added support this mentorship offers provides the students that much more opportunity to succeed in their studies and realize their dreams.
